Da Nang, November 10–12, 2019

On the occasion of the 15th Anniversary of Faculty of Engineering Physics and Nanotechnology, University of Engineering and Technology (UET), a member of Vietnam National University, Hanoi (VNU), and of the 25th Anniversary of Duy Tan University (DTU), it is our great pleasure to announce that the Joint 5th International Symposium on Frontiers in Materials Science and 3rd International Symposium Nano-materials, Technology and Applications (FMS-NANOMATA 2019) will be held in Da Nang city, Vietnam, from 10th to 12th November 2019. This joint event continues on the success of the previous NANOMATA 2009, 2014 in Hanoi and FMS 2011, 2013, 2015, 2016, 2017 in Hanoi, Germany, and Japan.

Important dates
Abstract submissions open: July 1, 2019
Abstract deadline: August 31, 2019
Manuscript submissions open: October 1, 2019
Manuscript deadline: October 31, 2019

Main topics
- Photonics and nanostructured hybrid materials
- Multiferroics and nanostructured materials
- Materials for green energy and environment
- THz materials and devices
- Sensors and nano-devices
- Colloids, polymers, catalysts, nano-bio systems
- Theoretical and computational materials science

Publication
Selected contributions will be subjected to a regular review process. Accepted manuscripts will be published in SCI (Q1, Q2) journals (to be announced later). Proceedings will be published by AIP Conference Proceedings in 2020.

Abstract submission
Submit all abstracts electronically using the link found at FMS-NANOMATA 2019 Symposium website (http://www.fmsconference.org) or http://www.fms-
The link will be available starting July 1, 2019. Abstract acceptance will be announced via e-mail.

Manuscript submission will be announced in the next announcements.

**Program**
The FMS-NANOMATA 2019 Symposium program includes Opening and Closing sessions for plenary talks, two days Parallel sessions for invited and contributed talks, Poster sessions for poster presentations. More information will be announced in the next announcements.

**Letters of invitation, visa**
The letter of invitation will be sent to the registered email addresses. Please send your request to the Symposium Secretary at fms.nanomata2019@gmail.com in case you need a hardcopy of the letter.

Most European countries, USA, Canada, Japan, Korea, Taiwan do not need a visa to enter Vietnam for a short period, but support from Symposium Secretary is provided in case of the other countries where a visa is needed. Please contact the Symposium Secretary at fms.nanomata2019@gmail.com.

**Registration**
The registration will be announced in the next announcements.

**Exhibition**
An exhibition of equipment, services, software, materials, journals, and books will be held as a part of FMS-NANOMATA 2019 Symposium. Individuals and organizations who are interested in purchasing booth space should contact the Symposium Secretary at fms.nanomata2019@gmail.com.

**Hotel, tours**
The hotel information is available at FMS-NANOMATA 2019 Symposium website. The guidance for tours will be available later. The Symposium Secretary can provide assistance in hotel and tours booking.

**Further information**
The information on FMS-NANOMATA 2019 Symposium will be updated on its website. To receive additional information please contact the Symposium Secretary (fms.nanomata2019@gmail.com).

**Sponsors**
- Duy Tan University
- VNU University of Engineering and Technology
- VNU University of Science
- National Foundation for Science and Technology Development
- Institute of Physics (VAST)
- Institute of Applied Physics and Scientific Instruments (VAST)
- Waseda University (Japan)
- Goethe University (Germany)
- University of Greifswald (Germany)
(To be updated)
